

DECLARATION FORM

New declaration

Renewal

Please send the signed declaration form together with a product image to info@mobelfakta.se

Declaring company: The company must hold the intellectual property rights to declare the item.	
Name of product:	
Article number, if applicable:	
Name of designer, if applicable:	
Description: Specify the different variants of the product that the declaration covers, e.g. surface treatments, fabrics, types of wood, framing, backrest. All variants must be included in one single test report with associated assessments. A correct description must include: 1. A clarification of what kind of product it is 2. Information about the components and its different variants. For example. surface treatments, types of wood, stands, backrests, etc 3. The description should also include measurements	
Use class(es) Specify one or more of the following classes. The furniture must be tested and approved for the use class specified.	Domestic Non domestic Office Education/school Outdoor

Category/Categories: Specify one or more of the following categories	Seating Tables Storage unit Kitchen/Bathroom Beds/mattresses Combined seating and beds Bunk beds/high beds High chairs Sofas Easy chairs Office work chair Office work tables Office partitions Sound absorbents Screens Writing boards Furniture ensembles and enclosures
Components: Specify one or more of the following components included in the furniture/product.	Wood Fabric Metal Plastic Adhesive Glass Lacquer Upholstery

Type of end manufacture	Country	City	Adress
Own manufacturing			
Contract manufacturing			

1 QUALITY

The manufacturer of the furniture must be able to provide collective documentation that proves the criteria in Möbelfakta's requirements regarding quality are met, for the correct use class and category of furniture and all the varieties included in the declaration.

1.1 Safety/function

Möbelfakta has requirements according to the fundamental standards of safety, strength and durability, according to section 1.1 of the requirement specifications.				
Is there a test report from an accredited institute/laboratory, that shows that the requirements are met?	NO		YES	
Test institute/laboratory:				
ID number and date of test report and what it refers to:				
Accompanying statement of opinion (if applicable) and what it refers to:				
For high children's chairs specify which category (active or passive) it refers to:				
For work chairs, specify which category (A, B or C) they refer to:				
For work tables, specify which category (A, B, C or D) they refer to: For work tables, specify if it is for sitting, standing or sit/stand:				

1.2 Dimensions

In section 1.2.1 of Möbelfakta's requirement specifications, all the categories of furniture that have separate standards for ergonomic requirements are declared; work chairs, work tables and partitions - all in office environments.				
Is the criterion applicable to the furniture/product? If 'NO' proceed to 1.3.	NO		YES	
Is there a valid test report from an accredited institute/laboratory, that shows that the requirements are met?	NO		YES	
Test institute/laboratory:				
ID number and date of test report:				

1.3 Surface resistance

Möbelfakta has requirements on the surface resistance of all varnished surfaces and to foiled or laminated hard surfaces, according to section 1.3 of the requirement specifications.				
Is the criterion applicable to the furniture/product? If 'NO' proceed to 1.4.	NO		YES	
Is there a valid test report from an independent institute/laboratory or in-house laboratory available, that shows that the requirements are met?	NO		YES	
Test institute/laboratory:				
ID number(s) and date(s) of test report(s) and what it/they refer to:				

1.4 Fire

Möbelfakta has requirements on the ignitability of padded seating furniture, mattresses and reclining furniture, according to section 1.4 of the requirement specifications.				
Are the criteria applicable to the furniture/product? If 'NO' proceed to 1.5.	NO		YES	
Is there a valid test report from an accredited institute/laboratory or an upholstery supplier, that shows that the requirements are met?	NO		YES	
Test institute/laboratory/company:				
ID number(s) and date(s) of test report(s) or certificate(s)) and what it/they refer				

1.5 Upholstery

Möbelfakta has requirements on included upholstery (leather/artificial leather/textile) according to section 1.5 of the requirement specifications.

Is the criterion applicable to the furniture/product? If 'NO' proceed to 1.6.

NO

YES

Is there a valid test report from an independent institute/laboratory or in-house laboratory, or a valid certificate from the supplier, that shows that the requirements are met?

NO

YES

Test institute/laboratory/company:

ID number(s) and date(s) of test report(s) or certificate(s) and what it/they refer to:

1.6 Acoustics

Möbelfakta has requirements on the reporting of the sound-absorption area for sound absorbents according to section 1.6 of the requirement specifications. Reporting the sound-absorption area or screen damping is optional for other categories of furniture.

Is the criterion applicable to the furniture/product? If 'NO' proceed to 1.7.

NO

YES

Is the product declared in Acoustic Facts? If 'YES' proceed to 1.7.

NO

YES

Is there a valid test report from an independent institute/laboratory or in-house laboratory, where acoustic performance is reported?

NO

YES

Test institute/laboratory/company:

ID number(s) and date(s) of test report(s) and what it/they refer to:

1.7 Glass

Glass in furniture must meet the requirements in the respective standard for the applicable category and environment according to section 1.7 in Möbelfakta's requirement specifications.				
Is the criterion applicable to the furniture/product? If 'NO' proceed to section 2. Environment.	NO		YES	
Is there a valid test report from an accredited institute/laboratory, or certificate from the glass supplier that shows that the requirements are met?	NO		YES	
Test institute/laboratory/company:				
ID number and date of test report or certificate:				

2 ENVIRONMENT

Möbelfakta's environmental requirements are subject to 2.1 Mandatory material requirements and 2.2 Mandatory product requirements.

2.1 Mandatory material requirements

Exemptions from "Mandatory material requirements": Small simple components >100 g such as velcro straps, tape, zippers, fabric furniture pads and similar. *The exemption does not apply to parts manufactured in PVC.*

The manufacturer of the furniture must be able to provide collective documentation that proves the criteria in 2.1 of Möbelfakta's requirement specifications are met.

2.1.1 SVHC/ECHA's candidate list

No chemicals in ECHA's candidate list of SVHC may be contained at levels exceeding 0.1% by weight in components, parts or chemicals that are included in or used in the manufacturing of the furniture/product. See <http://echa.europa.eu/en/candidate-list-table>

Is the furniture/product free from SVHC in levels of >0.1% by weight?	NO		YES	
---	----	--	-----	--

2.1.2 Wood and wood-based material

Does the furniture/product include parts made of wood or wood-based materials?
If 'NO' proceed to 2.1.3.

	NO		YES	
--	----	--	-----	--

2.1.2.1 Origin of wood and wood-based material

Möbelfakta has requirements on the origin of wood-based materials according to section 2.1.2.1 of the requirement specifications.

Documentation/description is available of the routines and systematic work verifying the origin of wood-based material?	NO		YES	
Is there a certificate, agreement or other documentation available showing that the wood-based material meets the requirements of e.g. FSC, PEFC, "Svanen" or equivalent?	NO		YES	

2.1.2.2 Formaldehyde in wood-based flat panels

Möbelfakta has requirements on formaldehyde in wood-based flat panels according to section 2.1.2.2 of the requirement specifications.

Does the furniture/product include wood-based flat panels? If 'NO' proceed to 2.1.3.	NO		YES	
Do all included wood-based flat panels meet the requirement?	NO		YES	

2.1.3 Textile and leather

Does the furniture/product include textile/ leather? If 'NO' proceed to 2.1.4. <i>Artificial leather is included in 2.1.4 Plastic and rubber.</i>	NO		YES	
--	----	--	-----	--

2.1.3.1 Certifications

Is there a valid certificate available that proves all included <u>textiles</u> complies with one or more of the following: • Möbelfakta READY • EU Ecolabel 2009/567/EC or 2014/350/EU • Oeko-Tex standard 100 (I, II,) • "Svanen" (Nordic Ecolabelling of textiles, hides/skins and leather ver. 4 or later) • GOTS version 5/2017 or later • Bra Miljöval's criteria for textiles (category fiber and preparation) version 2012 or later If 'YES' then the textile requirements are considered to be fulfilled.	NO		YES	
--	----	--	-----	--

2.1.3.2 Flame retardants in textile/leather

Documentation verifying that included textile/leather meets the requirements on flame retardants according to section 2.1.3.2 in Möbelfakta's requirement specifications must be available.				
Is there documentation that verifies that the requirements are met?	NO		YES	

2.1.3.4 Formaldehyde in textile/leather

Documentation verifying that included textile/leather meets the requirements on formaldehyde according to section 2.1.3.4 in Möbelfakta's requirement specifications must be available.				
Is there documentation that verifies that the requirements are met?	NO		YES	

2.1.3.5 Water-, dirt- and grease-repelling impregnation textile/leather/artificial leather

The requirement has expired.

2.1.3.6 Colouring agents and pigments in textile/leather

Documentation verifying that included textile/leather meets the requirements on colouring agents according to section 2.1.3.6 in Möbelfakta's requirement specifications must be available.

Is there documentation that verifies that the requirements are met?

NO

YES

2.1.3.7 Tanning of leather

Documentation verifying that included leather is not tanned or treated in any way with Chromium VI, Arsenic, Cadmium or Lead according to section 2.1.3.7 in Möbelfakta's requirement specifications must be available.

Does the furniture/product include leather? If 'NO' proceed to 2.1.4.

NO

YES

Is there documentation that verifies that the requirements are met?

NO

YES

2.1.3.8 Biocidal treatment

Documentation verifying that included textiles are not biocidal treated according to section 2.1.3.8 in Möbelfakta's requirement specifications must be available.

Is there documentation that verifies that the requirements are met?

NO

YES

2.1.4 Plastic and rubber

This section includes plastic parts, rubber parts, padding materials that contain plastic (eg cellular plastic or polyurethane foam), woven plastic, artificial leather and plastic coating on textiles and leather. Artificial leather marked with Oeko-Tex 100 product class I, II, III, IV meets all the requirements in this section.

Note that artificial leather must also meet the requirements of 2.1.3.5.

Exemptions from mandatory material requirements on "Plastic and rubber": Small plastic parts <100 g (e.g. screws, pins and fittings) or components of plastic which form part of e.g. fittings, hinges and drawer runners.

Does the furniture/product include plastic or rubber? If 'NO' proceed to 2.1.6.	NO		YES	
---	----	--	-----	--

2.1.4.1 Flame retardants in plastic/rubber

Documentation verifying that included plastic/rubber meets the requirements on flame retardant according to section 2.1.4.1 in Möbelfakta's requirement specifications must be available.

Is there documentation that verifies that the requirements are met?	NO		YES	
---	----	--	-----	--

2.1.4.2 Softeners/phthalates in plastic/rubber

Documentation verifying that included plastic/rubber meets the requirements on softeners/phthalates according to section 2.1.4.2 in Möbelfakta's requirement specifications must be available

Is there documentation that verifies that the requirements are met?	NO		YES	
---	----	--	-----	--

2.1.4.3 PVC

Documentation verifying that included plastic parts, including coated fabrics/artificial leather, meets the requirements on PVC (polyvinylchloride), according to section 2.1.4.3 in Möbelfakta's requirement specifications must be available.

Is there documentation that verifies that the requirement is met?	NO		YES	
---	----	--	-----	--

2.1.4.4 Pigments in plastics/rubber

Documentation verifying that included plastic/rubber meets the requirements on pigments in section 2.1.4.4 in Möbelfakta's requirement specifications must be available.

Is there documentation that verifies that the requirements are met?	NO		YES	
---	----	--	-----	--

2.1.4.5 Short-Chain Chlorinated Paraffins (SCCPs) in plastic/rubber

Documentation verifying that included plastic/rubber, including coated fabrics/artificial leather meets the requirements on Short-Chain Chlorinated Paraffins (SCCPs) in section 2.1.4.5 in Möbelfakta's requirement specifications must be available.

Is there documentation that verifies that the requirements are met?	NO		YES	
---	----	--	-----	--

2.1.5 Padding material is included in 2.1.6

2.1.6 Surface treatment of wood, plastic & metal

Exemptions from the requirements on surface treatment: Small parts like staples, screws, nails, hinges or fittings which in total represent <5% by weight of the total weight of the furniture.

Is the piece of furniture/product surface treated in any way? If 'NO' proceed to 2.1.7.	NO		YES	
---	----	--	-----	--

2.1.6.1 Surface treatment – hazard classification

A safety data sheet (SDS) that verifies that the products used for surface treatment meet the requirements on classification in section 2.1.6.1 in Möbelfakta's requirement specifications must be available.

Is there a safety data sheet (SDS) that verifies that the requirements are met?	NO		YES	
---	----	--	-----	--

2.1.6.2 Surface treatment – aromatic solvents

A safety data sheet (SDS) that verifies that the products used for surface treatment meet the requirements on aromatic solvents according to section 2.1.6.2 in Möbelfakta's requirement specifications must be available.

Is there a safety data sheet (SDS) that verifies that the requirements are met?	NO		YES	
---	----	--	-----	--

2.1.6.3 Surface treatment – VOC (volatile organic compounds)

Möbelfakta has requirements on finishing products containing VOC according to section 2.1.6.3 of the requirement specifications.

Is the piece of furniture/product surface treated in any way with lacquer, paint, varnish, oil, stained or any other surface treatment product containing VOC? If 'NO' proceed to 2.1.6.4.	NO		YES	
The furniture/product is intended for domestic environments and meets the requirements on VOC.	NO		YES	
The furniture/product is intended for office, non-domestic or outdoor environments and meets the requirements on VOC.	NO		YES	

2.1.6.4 Surface treatment – chrome-plating

Documentation verifying that included metal meets the requirements in section 2.1.6.4 in Möbelfakta's requirement specifications must be available.

Does the furniture/product contain chrome-plated metal? If 'NO' proceed to 2.1.7.	NO		YES	
Is there documentation that verifies that the requirements are met?	NO		YES	

2.1.7 Metal

Does the furniture/product contain metal? If 'NO' proceed to 2.1.8.	NO		YES	
---	----	--	-----	--

2.1.7.1 Metal – skin contact

Möbelfakta has requirements on metal that will have direct and prolonged contact with skin according to section 2.1.7.1 of the requirement specifications.

Does the included metal meet the requirements?	NO		YES	
--	----	--	-----	--

2.1.8 Adhesives

Does the furniture/product contain adhesive? If 'NO' proceed to 2.2.	NO		YES	
--	----	--	-----	--

2.1.8.1 Adhesives

Documentation verifying that the adhesive used in the manufacturing of components and furniture meets the requirements in 2.1.8.1 in Möbelfakta's requirement specifications must be available.

Is there documentation that verifies that the requirements are met?	NO		YES	
---	----	--	-----	--

2.2 Circular product requirements

2.2.1 Recycling: Marking of plastic parts

Möbelfakta has requirements on the marking of plastic parts according to section 2.2.1 of the requirement specifications.				
Does the furniture/product include plastic parts weighing >100g? If 'NO' proceed to 2.2.2.	NO		YES	
Are the included plastic parts marked in accordance with the requirements?	NO		YES	
The furniture/product includes plastic parts weighing >100g but marking is not possible.	NO		YES	

2.2.2 Traceability Marking

Möbelfakta has requirements on the traceability and marking of products according to section 2.2.2 of the requirement specifications.				
Is the furniture/product marked according to the requirements?	NO		YES	

2.2.3 Spare parts and warranty

Möbelfakta has requirements on spare parts according to section 2.2.3 of the requirement specifications.				
Is the criterion applicable to the furniture/product? If 'NO' proceed to 2.2.4.	NO		YES	
Are spare parts available in accordance with the requirements?	NO		YES	

2.2.4 Product information

Möbelfakta has requirements on clear and appropriately designed product information according to section 2.2.4 of the requirement specifications.				
Is the furniture/product accompanied by assembly information?	NO		YES	
Is the furniture/product accompanied by directions of use?	NO		YES	
Is the furniture/product accompanied by care instructions?	NO		YES	
Is the furniture/product accompanied by instructions for repair, disassembly and reassembly?	NO		YES	

2.2.2 Packaging

The requirement has expired.

3 RESPONSIBLE SUPPLY CHAINS – SOCIAL, ENVIRONMENTAL, AND ETHICAL RESPONSIBILITY

The requirements are divided into two chapters. Chapter One (3.1) comprises specific requirements in the areas Human Rights, Labour Law, Environment, and Anti-corruption. Chapter Two (3.2) comprises requirements regarding the company's work to systematically identify and manage risks of non-compliance with the requirements stated in Chapter One (3.1).

The requirements apply to the entire supply chain. Supply chain refers to both the company's own operation and the supplier chain. Supplier chain refers to the company's suppliers and subcontractors that are directly connected with extraction of raw materials and production of labelled products.

3.1 Requirements within human rights, labour law, environment, and anti-corruption

Current requirements are found on www.mobelfakta.se.

3.2 Policies and procedures

3.2.1 Policy obligation

Has the company adopted one or more policies that:				
a) at least cover the requirements described in Chapter 3.1,	NO		YES	
b) have been approved at the highest executive level in the company.	NO		YES	

3.2.2 Communicating the policy obligation

Has the company procedures for conveying the policy obligation in its own operation and in the supplier chain, which ensures that the company:				
a) communicates the policy obligation to employees in the company and ensures that the obligation is generally available, for example at the workplace or on the company's website,	NO		YES	
b) communicates in writing the requirements described in 3.1 to the suppliers with whom the company has a contractual relation (first-tier suppliers),	NO		YES	
c) requirements described in 3.1 are communicated from suppliers with whom the company has contractual relations (first-tier), further along the supplier chain.	NO		YES	

3.2.4 Division of responsibility

Has the company:				
a) appointed one or more people at executive level to be ultimately responsible for the requirements described in 3.1,	NO		YES	
b) appointed one or more persons with operative responsibility to ensure compliance with the requirements described in 3.1 in the company's own operation and in the supplier chain,	NO		YES	
c) made clear what the responsibility entails.	NO		YES	

3.2.5 Risk analysis

Has the company procedures for regularly carrying out risk analyses in its own operation and in the supplier chain, which ensures that the company can:				
a) map the supplier chain, at least including the suppliers where furniture and component parts are actually manufactured, in an up-to-date list with names and addresses of these facilities,	NO		YES	
b) show an action plan to increase traceability in the supplier chain in those cases where traceability is low,	NO		YES	
c) show that the staff members who work with risk analyses are allocated the time and the in-service training required for the task,	NO		YES	
d) show how it identifies current and potential risks in its own operation and in the supplier chain regarding compliance with the requirements described in 3.1, on the basis of confirmed information and updated information from credible sources,	NO		YES	
e) show the identified risks in its own operation and in the supplier chain (regarding the products that are included in the labelling),	NO		YES	
f) show how the company priorities its identified risks in its own operation and in the supplier chain on the basis of degree of severity	NO		YES	

3.2.6 Follow-up

Has the company procedures in place for systematic follow-up of compliance with the requirements described in 3.1 in its own operation and in the supplier chain. This ensures that the company can:				
a) show which of the identified risks are selected for follow-up in its own operation,	NO		YES	
b) show which suppliers and subcontractors are selected for follow-up in relation to the identified risks,	NO		YES	
c) show when, where, and how often follow-up activities are carried out,	NO		YES	
d) show which follow-up activities have been carried out to manage the identified risks in the company's own operation and in the supplier chain (regarding the products that are included in the labelling),	NO		YES	

3.2.7 Follow-up

Has the company procedures for non-compliance management relating to compliance with the requirements described in 3.1. This ensures that the company can:				
a) show how systematic non-compliance management takes place in its own business operation and in the supplier chain with regard to the cause, nature, and severity of non-compliance,	NO		YES	
b) show whether any non-compliance with the requirements has occurred in its own business operation and in the supplier chain,	NO		YES	
c) show which appropriate actions were immediately taken to correct identified shortcomings in its own business operation and in the supplier chain.	NO		YES
